

Shepherds Lodge

“ ... assuring shepherds a chance for peaceful renewal for the next day of service.”

Joy EI leaders and counselors lovingly disciple and mentor hundreds of beautiful children, one child at a time. They also serve behind the scenes washing dishes, cleaning toilets and doing whatever needs to be done. Every day they love children into the Kingdom. Hallelujah!

Often, however, these servants must carry their bunks across the campus and set them up in a conference room because there's no other place for them. In addition, shower or bathroom use means another hike across campus.

We know that our “fields are white with harvest,” and we’ve seen that living, loving and serving hundreds of campers results in a rewarding harvest, but it can also be exhausting. For staff to be at their best, they need regular time for rest and renewal. Unfortunately, we have not been able to provide facilities to assure that this is possible.

THE NEW SHEPHERDS LODGE IS THE ANSWER TO THIS CHALLENGE!

This exciting new facility will have nine lodging rooms providing sleeping space for 55 people. Each room will have its own bath/shower room. No more midnight hikes to the bathroom in their jammies.

An added benefit comes with the Shepherds Lodge. It will provide meeting facilities for 120 people. This will be used for summer staff meetings, lounge space, and year-round housing for guests.

This facility fits the long-range plan for the best fulfillment of the Joy EI mission.

Join us in making the Shepherds Lodge a reality.
